

Parc Crossings Website

Contributed by
Sunday, 02 April 2006

Tri-State Property Management is launching a website designated solely to the Parc Crossings Homeowners' Association. You may log on and review this website at www.parccrossings.com. Please review it and see if you would like to add any comments/suggestions to this website. We'd be glad to do so. The Management and the Association are trying different means of communication to address all the areas where there needs to be improvement. Our goal with this website is to post all of the newsletter and documentation and information to help people answer their everyday questions. Thank you for your cooperation.
